Ambaari Double Decker bus lies covered and unused as Dasara illumination serial lights too low for its smooth movement

WHAT WAS EXPECTED... WHAT WE GOT...: ***'Ambaari' bus that was on trial run in March 2020 to ferry tourists around Mysuru city. Picture right shows the bus now lying unused at the KSTDC Office on JLB Road.***

Mysuru, Oct. 20 (LNY&KS)- 'Ambaari' Double Decker Dasara bus ride on designated routes to cover prominent tourist spots within the city will have to wait for some more time. Reason: The LED serial lights installed across the roads are low in height than the tall 'Ambaari' bus.

'Ambaari' is a Hop-on and Hop-off initiative for tourists to experience the magnificent City of Palaces and other Heritage structures. It is a specially-built bus for open-roof tours, with a seating capacity of 40.

The bus, an initiative of State-run KSTDC (Karnataka State Tourism Development Corporation) was launched as a tourist attraction. But the Double Decker bus parked in KSTDC premises on JLB road is under wraps as of today to prevent dust accumulation and also rain water.

KSTDC Regional Manager Uday Kumar, speaking to *Star of Mysore* this morning said the bus is 20 ft. tall and LED serial lights installed across roads is low in height than the bus. If a person stands on open top bus, the height goes to 25 ft, he added.

Pointing out that the CESC has to install the serial lights above 25 ft. for the Double Decker bus to move on city roads freely, he said that though the bus could move on certain roads as of now, it cannot be taken out of KSTDC Office itself as the lights installed near the Office is very low in height.

Uday Kumar further said that the CESC is increasing the height now and added that the dates for the Double Decker bus ride is yet to be decided, most probably after *Vijayadashami*.

Pruning of tree branches: It may be recalled, following a request by KSTDC, the MCC and Forest Department authorities had undertaken pruning of tree branches on all roads that the 'Ambaari' bus had been identified to travel much ahead of Dasara-2020. The CESC was also requested to remove its overhead power lines for facilitating smooth movement of the Double Decker bus.

SSLC Board introduces 'Tatkal' scheme; to issue marks card in five days

Bengaluru, Oct.20 (SSV)-Good news for students and parents. Henceforth, they need not wait for months together to get the marks card after submitting application to the SSLC Board. Thanks to digital technology, the marks cards will be issued within five days after the receipt of applications.

According to information available, students have to fill up application online and upload all relevant documents unlike visiting the Board in person to submit the filled-in applications and documents. Under 'Tatkal' scheme, students can make payment online or through bank. After uploading application online, they need to submit the application copy to the head of the institution. Within five days of this process, new marks card will be available. The application will be examined online by school head and at BEO and DDPI-level before issuing the marks card.

No privatisation of ESComs for now, says State Government

Mysuru, Oct.20 (DM)- Even as employees of State Power Corporations are strongly opposing privatisation plans regarding the power sector, the State Government has rejected the Centre's proposal for privatisation of Electricity Supply Companies (ESComs), saying that is not necessary for now.

The Union Ministry of Energy had sent a proposal to the State Government to privatise three of the five ESComs, while asking it to respond to the proposal by Sept.20. The Ministry, which had identified BESCom, CHESCom (CESC) and JESCom for privatisation, had set Oct.5 as the deadline for responding. Following the proposal, the State Government had sought an additional one week for replying. But the State Government, while rejecting the Centre's proposal, said that the ESComs of the State were financially viable and as such there was no need for privatisation, according to Additional Chief Secretary of Energy Department Mahendra Jain, who also said that a detailed response in this regard has been sent to the Centre.

EDITOR'S BOTTOMLINE

Before learning the ABC of news, TV channels first learn about the TRP of news. Just over 40,000 TRP 'boxes' in a country of over 150 million cable and satellite TV watching homes, decide crores of advertising revenues for TV channels. Thus, TV news in India is ruled by that infamous 3 letter word: TRP (Television Rating Point). High TRPs bring in high ad revenues so everyone can sing, 'money, money, money'. TV channels pursue TRPs as relentlessly as King Arthur's knights once pursued the Holy Grail. Anchors like to say 'let's take a commercial break' because ad breaks give everyone in the studio a lucky break. 'Break ke baad' really means daily bread ke baad. But now the Broadcasting Audience Research Council (or BARC) has said there will be no TRP ratings published for three months. This is because a recent 'TRP scam' has surfaced. In a certain banana republic, say Mumbai Police, there was mass rigging of TRPs. Mumbai Police are snooping from door to door asking: Box kahaan hai?

Quipped the internet wag: Reporters have been heard asking editors, since there are no TRPs for the moment, perhaps we can cover some news? With the pause in TRPs, viewers are sighing in relief. Now that there's no three letter word called TRP, can we have some other three letter words like GST, GDP or even SME?

Baby shark with one eye baffles fishermen

Maluku: Fishermen in Indonesia were astounded when they reeled in a white baby shark with just one eye.

They found the bizarre-looking catch inside an adult shark that died after being caught in their nets. The rare Albino shark was caught off the coast of Maluku province on Oct. 10.

But when fishermen cut open the creature's stomach to remove the gut - they found the little cyclops dead inside. The baby shark had just one eye in the middle of its head, and its tiny fins had already formed.

One of the fishermen, named Andy, told media: "We found three babies inside its stomach, but one of them looked strange with only one eye. Its colour was strange too, like milk."

The crew turned over the shark to local marina authorities for further examination. Reports said the shark likely had Cyclopia, a birth deformity across species that can cause an embryo to form only one eye.

Owl flies into chopper as pilot battles wildfires

California: A helicopter pilot in California was surprised to see an owl fly into his aircraft as he conducted water drops over the Creek Fire.

Dan Alpiner, a pilot with aircraft charter company Sky Aviation, said he was taking on the wildfire burning in Fresno and Madera counties when the bird flew into his helicopter and calmly sat by the window.

Alpiner was concerned that the owl would start flying around the cockpit, but it just sat there as he conducted water drops. "It's an unexplainable and magical miracle for it to stay with you for several water drops, then leave just as it arrived - safe and unannounced," he said.

Is it true that humans share 50% of their DNA with the banana?

Bananas, like all other living things, contain DNA. The more closely related two living things are, the closer their DNA is. Humans share 99% of their DNA with other humans. And yes, we share 50% of our DNA with the banana.

House tax: Senior citizen's appeal to MCC Comr.

Sir,

I am a pensioner aged 90 plus and living in Bogadi 2nd Stage. My house tax is not being received for the last 3 years for want of Completion Report (CR) and a slight variation from the plan.

For the variation I am bound to pay whatever penalty as per rules. Regarding the CR, the Government has to come to the help of the owners by issuing orders to accept it.

The MCC authorities are collecting house tax in the localities concerned. I request the MCC Commissioner to accept any provisional amount pending the final settlement. Can I expect a favourable response from the Commissioner?

Degree Colleges from Nov. 1: Minister

Mysuru, Oct. 20 (SSV)- Deputy Chief Minister and Higher Education Minister Dr. C.N. Ashwathnarayan said the State Government was making arrangements to start Degree Classes from November. A final decision in this regard will be taken in consultation with the concerned including Chief Minister B.S.Yediyurappa.

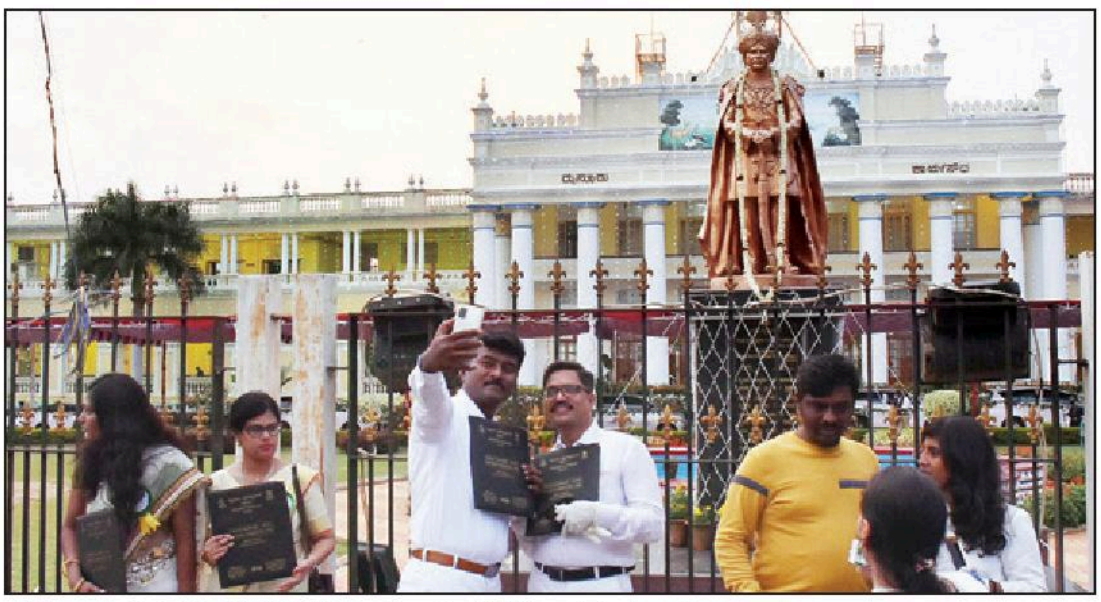
Talking to reporters after participating in the Centenary Convocation of University of Mysore here on Monday, he said it was not proper to compare re-opening of cinema halls with schools and colleges that too during the current COVID-19 pandemic. As regard to re-opening of Degree Colleges, the authorities need to sanitise the classrooms after every period. Students should be vigil for every moment and cannot show laxity. It was not an easy task to protect the health of students, teaching, non-teaching staff and others. The Coronavirus was still active and we will re-open the Degree Colleges only after studying the situation. Hurrying is not advisable in this matter, he noted.

Dr. Ashwathnarayan said already online classes were going on in all colleges. Digital teaching and coaching have been more popular than expectation. However, it was up to the students to make use of the same. University Grants Commission has already issued guidelines regarding re-opening of Degree Colleges and accordingly, preparations were on. Date of re-opening of colleges will be announced soon, he noted.

Replying to a question, the Minister said Karnataka was making preparation to implement National Education Policy (NEP) announced by the Government of India. The Task Force constituted for the implementation of this project had already given its first report. After making all preparations it will be implemented from next year in phased manner, he said.

Prime Minister Narendra Modi, while delivering the Convocation address had stressed on NEP. In the wake of this, the State Government was making preparations in the last eight months, he added.

Selfie time at Crawford Hall



Mysuru, Oct. 20 (SPN&DM)- Even as the University of Mysore (UoM) held its Centenary Convocation at Crawford Hall yesterday, many students dressed in white and carrying their degree certificates, were seen clicking selfies in front of the imposing Crawford Hall.

Some students, after receiving their degrees, gathered near the Bronze Statue of Nalwadi Krishnaraja Wadiyar in front of Crawford Hall and took selfies along with their fellow students.

Taking advantage of the situation, two persons appeared at the spot and lent Convocation gowns on hire to the students for posing for photos, charging them Rs. 200 each. Soon, a good number of students lined up before the two persons who had brought the gowns, for getting photographed, without bothering to follow COVID-19 norms.

Two-wheeler lifters arrested

17 two-wheelers worth Rs. 12.20 lakh recovered

Mysuru, Oct. 20 (KS)- Udayagiri Police, on Oct. 19, have arrested a 19-year-old youth and two minor boys on charges of lifting two-wheelers and have recovered 17 bikes and scooters worth Rs. 12,20,000 from him.

The accused youth is Mohammed Shuaib of K.N. Pura here.

During interrogation, the accused is said to have told the Police of lifting two-wheelers parked in front of houses in Mysuru and Mandya districts during night time and based on the information provided by the accused, the Police have recovered two Royal Enfield bikes, seven Suzuki Access 125 scooters, three Yamaha RX bikes, one Honda Dio, Honda Activa, TVS Apache, Bajaj Platina and Hero Splendor (total 17 two-wheelers) from him.

Following his arrest, the Police have solved four cases in Udayagiri, three cases each in Narasimharaja (NR) and Vijayanagar, one case each in Krishnaraja (KR), Mysuru South, Metagalli, Mandya and Arakere and two cases in Srirangapatna Police Stations.

DCP M.S. Geetha Prasanna and Devaraja Sub-Division ACP M.N. Shashidhar supervised Udayagiri Inspector N.M. Poonacha, Sub-Inspectors M. Jayakeerthi, Madan Kumar and Nataraj, Assistant Sub-Inspector Diwakar and staff M. Shankar, Siddique Ahmed, Mohan Kumar, R.S. Krishna and Shivarajappa in the nabbing and recovery operation, according to a press release from the PRO, City Police Commissioner's Office, Mysuru.

Two held for cheating Coimbatore-based goldsmith

192 grams gold ornaments worth Rs. 10 lakh recovered

Mysuru, Oct. 20 (KS)- Devaraja Police have arrested two persons (both senior citizens) on charges of cheating a Coimbatore-based goldsmith and have recovered gold ornaments worth Rs. 10 lakh from them.

The arrested are 61-year-old Somashekar of Kushalnagar in Kodagu and 67-year-old Raghu of Kollegal in Chamarajanagar.

Details: On Oct. 6, Coimbatore-based goldsmith Kurupuswamy came to Mysuru to sell gold jewellery during which he came across Somashekar and Raghu, who convinced Kurupuswamy of getting his gold jewellery sold and took the gold ornaments from him.

As the accused neither sold the jewellery nor gave back the ornaments, Kurupuswamy lodged a complaint with Devaraja Police, who registered a case and arrested the accused on Oct. 18.

During interrogation, the accused are said to have confessed of cheating Kurupuswamy and based on the information provided by the accused, the Police have recovered 192 grams gold ornaments worth Rs. 10 lakh from them.

DCP M.S. Geetha Prasanna and Devaraja Sub-Division ACP M.N. Shashidhar supervised Devaraja Inspector Prasanna Kumar, Sub-Inspector Raju, Assistant Sub-Inspector Uday Kumar and staff Somashetty, Venugopal, Chandru, Nandish and Veereshabagevadi in the nabbing and recovery operation, according to a press release from the Police.

Poachers nabbed for hunting jackal, langur

Periyapatna/ Hanur, Oct. 20 (KS)- In separate cases, the Forest staff have arrested four poachers on charges of hunting a jackal at Periyapatna of Mysuru and langur at Cauvery Wildlife Forest area in Hanur taluk of Chamarajanagar.

In the first cases, the Forest staff arrested two persons, who had hunted a jackal by placing country-made bomb in the form of food in the agricultural field of one Papegowda at Sathyagala in the taluk.

The arrested are Raghavendra of Shankarapura village and Shivarama of Pakshirajapura.

The Forest staff have recovered the carcass of the jackal besides seizing a knife, two country-made bombs, mobile phones and a bike from them.

The Forest staff are on a lookout for another accused identified as Gopi of Pakshirajapura, who is absconding.

In the second case, the staff of Cauvery Wildlife Sanctuary have arrested two poachers, who had hunted a langur with a country-made gun and have recovered the carcass of the wild animal besides seizing the weapon from them. The arrested are 40-year-old Madesh and 21-year-old Rajendra of Tellanur village in Hanur taluk.

Following a tip off, the Forest staff led by Deputy Conservator of Forests (DCF) Dr. Ramesh Kumar and Assistant Conservator of Forests (ACF) Ankaraju, conducted an operation and arrested the two poachers.

Range Forest Officer (RFO) Praveen Kumar, DRFO Sunil and staff Rakesh Singh, Pundalika Kantekara, Anand Kuragunda, Anil Valikar, Ashok, Challakere Mahesh and others took part in the operation.

MLC lashes out at Siddu

Says Government will function capably if the Opposition is strong

Mysuru, Oct. 20 (PM&DM)- Continuing his tirade against Opposition Leader and former Chief Minister Siddharamaiah, BJP MLC A.H. Vishwanath wondered why Siddharamaiah lost from Chamundeshwari Assembly segment by a huge margin in the 2018 Assembly polls, if he had done excellent work during his five-year tenure as the Chief Minister from 2013 to 2018.

Speaking to press persons here on Sunday, Vishwanath, in a retort to Siddharamaiah's allegation that the BJP Government in the State had failed in tackling floods that has ravaged the State, questioned why the Congress was not returned to power in the 2018 Assembly polls if Siddharamaiah had performed well as the Chief Minister.

Maintaining that the people were watching the words of political leaders closely, Vishwanath contended that as the Opposition Leader in the Assembly, Siddharamaiah, should have control over his remarks.

A.H. Vishwanath Siddharamaiah

Observing that the Government will function capably if the Opposition is strong, he took strong objection to the Opposition Leader's remark on BJP MPs of the State.

Replying to a question on whether he was keeping away from District Minister S.T. Somashekar, he said that the District Minister was taking everyone into confidence and it is wrong to say that there is a lack of co-ordination between him and Somashekar.

Replying to another question whether the illumination of city, that is drawing huge crowds, does not lead to a spike in COVID-19 pandemic, he said that though the District Administration, fearing Corona spread, had enforced a ban on tourist spots during Dasara, the Government withdrew the ban as some Legislators exerted pressure.

Responding to a query on who should be held responsible if there is spurt of COVID-19 during Dasara, the MLC said that the officials, people representatives and all others have to take the blame if the deadly pandemic spreads.

Stressing on the need for everyone to understand the seriousness of the disease, that has also taken the lives of many Ministers and Legislators across the country, he said that the ban on entry to tourist spots was relaxed with an intention of saving small businessmen and the tourism industry, which had touched rock-bottom during lockdown.

Pointing out that Prime Minister Narendra Modi's mantra 'Life first, Living Later' should be understood by everyone, he said that Chief Minister B.S. Yediyurappa has taken much measures for tackling COVID-19.

Former MLA opposes simple Dasara

To take out procession of Goddess Chamundeshwari portrait on Oct. 26, the Vijayadashami Day

Mysuru, Oct. 20 (PM&DM)- Strongly opposing the Government's decision of a simple Dasara this year in the wake of COVID-19 crisis, Kannada Chaluvali leader and former MLA Vatal Nagaraj said that a portrait of Goddess Chamundeshwari, placed inside a chariot, will be taken out in a procession on Oct. 26, the Vijayadashami Day, culminating the 10-day festivities.

Speaking to press persons after breaking 101 coconuts in front of Kote Anjaneyaswamy Temple at the Palace North Gate recently, he urged the Government for a grand celebration as in the previous years.

Declaring that he would take out a procession from the Palace North Gate to Bannimantap at 11.30 am on Oct. 26 with a portrait of Goddess Chamundeshwari in a chariot, Vatal Nagaraj said that he had broken 101 coconuts on Dasara inauguration day in protest against the Government's decision of a simple Dasara.

Accusing the Government of ignoring Dasara celebrations, he said that by ordering a simple Dasara, Chief Minister Yediyurappa has done a dishonour for Dasara.

Pointing out that Dasara celebrations must not be limited to Mysuru alone, he said that the 10-day celebration should be a national festival.

He urged the Government for constituting an All Party Committee for Dasara celebration.

Claiming that the Government, which allotted Rs. 15 crore for Dasara, had spent most of the money on illumination, he said that the Government seems to think that Dasara celebration only means illumination.

Kannada activists Mugur Nanjundaswamy, Thayur Vittalamurthy and others were present.

Conference demands release of caste census report

Mysuru, Oct. 20 (RKB&DM)- The 'Round Table Conference' organised by the Karnataka Rajya Hindulida Vargagala Jagruta Vedike, in association with Karnataka Unit of Bharatiya Dalita Sahitya Academy, seeking to make Karnataka Caste Census Report public, was held at Chikkammaniketana Community Hall in Kuvempunagar recently.

Speaking at the meeting, former Chairman of Karnataka Sahitya Academy Prof. Aravind Malagatti said that the Caste Census, commissioned by the Congress Government led by Siddharamaiah over five years ago, has been presented and is now in 'safe custody' of the Government.

Urging the Government to make the Caste Census Report public, Prof. Malagatti said that the report must be tabled at the Legislative Assembly and discussed in detail.

He said that Siddharamaiah, as the Chief Minister, had assigned the Karnataka Backward Classes Commission, then headed by senior Counsel H. Kantharaj, with the task of carrying out 'Socio-Economic and Education' Survey in 2015.

Pointing out that the Survey, in which over one lakh Government personnel were involved in surveying more than 13.5 million households, had cost the Government Rs. 165 crore, he said that the Government must make the findings of the Report public in the interests of Backward Classes, who form a large part of the population.

Accusing the Yediyurappa Government of trying to junk the Report, Prof. Malagatti observed that the Government, instead of sanctioning funds to Mutts, must come forward for seeking a debate on the Report and implement the recommendations of the Report at the earliest.

Strongly backing the Report, he said that the implementation of the Report will be of huge benefit to Backward Classes and other sections of lower strata of the society as they will get access to educational, economical and social initiatives of the Government. It will also help in empowerment of the poor and the downtrodden, he added.

Former MLA M.K. Somashekar, former Mayors R. Ananth and Narayana, Congress leader M. Shivanna, theatre artiste Rajashekar Kadamba, Ediga Community leader M.K. Potharaj, Savitha Samaja leader N.R. Nagesh, DSS leader P. Raju, Madivala Community leader Varuna Mahadev, Vedike President K.S. Shivaramu, Dalita Sahitya Academy President Dr. C. Venkatesh and others were present.

Former MP seeks white paper on State's finance status

R. Dhruvanarayan

Mysuru, Oct. 20 (SBD&DM)- Claiming that the State's financial health is on the verge of collapse, former Chamarajanagar MP and senior Congress leader R. Dhruvanarayan has demanded a white paper on the status of the State's economy.

Addressing a press meet here recently, Dhruvanarayan said that Chief Minister Yediyurappa was misleading people by saying that there is no dearth of funds for taking up flood relief works in rain battered districts of North Karnataka. But the fact is that victims of last year's floods are yet to get relief, he said and added that those in power should not indulge in misinformation.

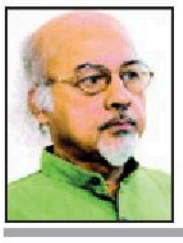
Stating that the Government had estimated the loss during last year's (2019-20) floods at Rs. 35,160 crore, he said that the Government had spent only Rs. 2,940 crore for flood relief works so far, which itself speaks of the precarious condition of the State's finances and wondered why the Government had kept such a huge relief amount as pending. Maintaining that the State is yet to get its share of GST from the Centre, he contended that the 25 BJP MPs and Union Ministers from the State lacked will power to question the Centre on GST share. He urged the Centre to immediately announce a Rs. 10,000 crore flood relief package for the State.

Commenting on politics, the MP urged CM Yediyurappa to take back his comment that BJP had won both R.R. Nagar and Sira Assembly segments even before by-polls could take place. Stating that such a remark is a blot on Democracy, he urged the Election Commission to conduct free, fair and transparent polls.

Replying to BJP National General Secretary C.T. Ravi's remarks that there is no scope for family politics in BJP, Dhruvanarayan said that Ravi does not have any moral right for saying such things as the BJP Chief Minister himself had indulged in family politics, with one son being an MP and another son wielding power in the name of his father. There are more such examples in BJP and hence, Ravi has no moral right to speak about dynasty politics in Congress, he added.

City Congress President R. Murthy, District President Dr. B.J. Vijayakumar, KPCC Spokesperson H.A. Venkatesh were present at the press meet.

The thrill of changing colours



Point of VIEW

T.J.S. George

Kushboo has joined the BJP. So did Veerappan's daughter Vidyarani some time ago. Giving the forest brigand the honour due to him, BJP made his daughter the State Vice-President of the party's Youth Wing. Kushboo cannot expect the same high status as Veerappan's family, but she is sure to be accommodated soon in a responsible position of leadership. Vidyarani will certainly help the fresh entrant to settle down to the colours she has adopted with the ease of a lizard.

Kushboo is no household name, so a quick introduction may be in order. She is known as a filmstar in Tamil country. More than 200 movies have not raised her to the status of Rekha or Suhasini or Revati. One reason could be that she is not what she appears to be. She is not a Tamil or even a South Indian. She is a Bombay Muslim, originally named Nakhat Khan. There is no problem with that. Whatever problem she has is on account of the fact that, unlike Rekha or Suhasini or Revati, she chose to become an active politician. It's a golden rule that, if you enter politics, you should be ready for brickbats. Once you demand political positions, you should be ready for public scrutiny of everything about you.

So Kushboo's political hop-step-and-jumping is legitimate subject for public examination. She definitely had an eye on political office. Her lizard-like aptitude for changing colours brings this out. She joined the DMK during Karunanidhi's days when that party was in and out of power. Karunanidhi's son and heir M.K. Stalin sidelined Kushboo whereupon she joined the Congress. She didn't get what she wanted in the Congress either. Now, probably as a last resort, she has joined the BJP. What can BJP give her when it is not even an also-ran in Tamil Nadu politics? If she gets nothing from her newest party, what then?

Kushboo's problem, apart from being a non-Tamil, is that she is known as "efficient, ambitious and arrogant." Unfortunately, that is a combination of qualifications that does not attract followers while it detracts one's value in the eyes of party bosses. Kushboo is in search of a party that adjusts to her personality and gives her what she wants. Who does she think she is, Jayalalithaa? It is astonishing that she thinks the BJP will give her what other parties could not. Given the BJP's irrelevance in the thought processes of Tamil people, Kushboo is a loser. If the BJP thinks it can gain a foothold in Tamil hearts through her, it too will be a loser.

This is where the foolishness of Kushboo's move becomes obvious. It will not be wrong to say that Kushboo has bargained away whatever goodwill she had acquired in her adopted State. In her home State, she would have been either ignored or pushed into the anonymity of a crowd. As a "Tamilian" she gained a name and a habitation in Chennai. She should have studied how and why this unique experience came her way. But political ambitions led her astray. By joining a party that is genetically opposed to her religion and is seen as a polarising influence in the country, she has gained nothing and lost a good deal.

Ranjani, a filmland friend of Kushboo, was candid when she said that there should be no surprise if Kushboo joined the CPI-M tomorrow. "You criticised the Prime Minister and his party the other day," she said. "Now you say only Modi can lead India. Doesn't this show you up as an opportunist?"

May be not, let's hope. May be Kushboo's intentions are honourable and she wants to do the best for the country. Quite a few relatives of film personalities are in the BJP camp

— some relatives of MGR, of Dhanush and of Ilayaraja. Of all human weaknesses, the eagerness to join a winning side is the most powerful. In football and cricket you cannot do this, but in politics, you are a fool if you don't. India has an honourable tradition in this area. Ever since the game of democracy began, the *Aya Ram Gaya Ram* culture has been an integral part of it. The smart ones always remained *aya*, the amateurs were forgotten as *gaya*. Kushboo is the newest *Aya Ram*. She left the Congress, she said, because "I was not utilised." Since the BJP is helpless in Tamil Nadu, how will it utilise her? Perhaps something in the Centre? May be a Cabinet post? Hope is eternal, ambition is boundless.

COVID pandemic can be controlled by Feb. 2021, opines Panel

New Delhi, Oct. 20 (Agencies)- India is likely to have already passed the peak of the Coronavirus pandemic in September and cases are going to plateau further, claimed a panel of scientists and doctors, based on mathematical and statistical forecasting on the spread of the infectious disease.

The panel also claimed that the pandemic can be controlled by end of February 2021 with minimal active symptomatic cases if all protocols are followed and if Government does not relax activities further. The Department of Science and Technology constituted the panel in May to help monitor the future transmission of infection, aid decisions involving health system readiness and other mitigation measures. The panel used the real-time dataset to make forecasts on the transmission, to gauge effect of the lockdown, migrations and also project future scenarios based on the unlocking measures being followed all over the country.

The expert panel's modelling claimed that the pandemic had passed its peak during the month of September, though that was not a reason to relax. The panel also claimed that 30 per cent of the country's population was already projected to have antibodies, which indicated that they had been infected with the virus. By August-end, 14 per cent were likely to have developed antibodies. The panel's projections on prevalence of infection was twice that of what Indian Council of Medical Research had found out through the second national sero-survey study. Further, the panel projected that there would be an estimated 106 lakh symptomatic infections during the course of the pandemic. The panel claimed there are an estimated 66 lakh symptomatic infections. It did not answer as to why the cases are falling, why they are likely to continue declining and why the exodus of migrants did not lead to a sharp rise in the cases between May and June.

LOCKDOWN AND ITS EFFECT

The panel also modelled the impact of the national lockdown as well as scenarios wherein no lockdown was imposed or it was imposed later in April-May. The panel said that in a 'no lockdown' scenario, cases would have been 14 times of what they actually were in June, when the peak had begun.

"Infections would have gone through the roof if lockdown was not imposed. If we had delayed it by two months, the peak would have been smaller than a 'no lockdown' scenario, but greater than the actual scenario reported," said Professor M. Vidyasagar, Chairman of the Government-appointed panel, during a virtual presentation of the study's findings.

"Lockdown reduced peak load on our system, we pushed the peak to September, beginning end of June. It enabled our system to handle the pandemic much better," he added. The panel also made the claim that the mass exodus of lakhs of migrants from key industrial States such as Maharashtra, Gujarat, Karnataka and Andhra to Odisha, Bihar and UP did not have a multiplier effect on transmission of the infection.

COVID positive woman gives birth to healthy baby at Columbia Asia Flu Clinic

Mysuru, Oct. 20- COVID-19 has posed an unprecedented challenge for everyone. Most of the pregnant women whose delivery date was due during this period were more worried about their condition and the little one's safety due to the spread of infection and the fear of going to the hospital. However, the doctors and hospital staff have always stood beside them during this anxious period.

A 33-year-old expectant mother visited Columbia Asia Hospital in Mysuru with severe labour pain in the midnight. She had tested positive for COVID-19. She was immediately shifted to the Flu Clinic which is a separate emergency care room for COVID positive patients.

Soumya, Physician Assistant in Gynaecology Department, attended the patient and observed that she was due for delivery. With all necessary COVID-19 protocols in place and under the guidance of Dr. Madhura Phatak, Obstetrician and Gynaecologist, Columbia Asia Hospital, the baby was delivered in the Flu Clinic of the emergency room. Although, all the beds in the emergency room were full, the hospital staff did not want to delay the delivery.

Talking about the delivery, Dr. Madhura Phatak said, "It was the team spirit and unhindered support of our staff which helped in the safe delivery at that odd hour during this pandemic. Today, both the mother and baby are healthy and it is a joyous moment for all of us."

The new mother said, "I am very happy with the kind of attention and treatment I received at Columbia Asia Hospital. I was scared when I heard that I have tested positive. But everyone especially the nurses at the hospital assured me about the safe delivery and now I have a healthy baby." Soumya, Physician Assistant, ER staff Vardaraju & Biji, LDR Staff Chaithra & Aleena, P-Wing staff Josna, OT staff Sanjay with the coordination of Veronica, Nursing Supervisor and Pavithra, Manager on Duty, helped COVID positive woman in her delivery.

Forest Department introduces 'Time Ticket' for travellers

Mysuru, Oct. 20 (Akshay&DM)- Following increasing number of deaths of wild animals in Nagarahole National Park and Tiger Reserve range, with the gradual spurt in vehicle density post COVID-19-induced lockdown relaxations, the Forest Department officials have re-introduced 'Time Ticket' that aims to restrict vehicular movement on roads coming under the range.

As the Forest Department staff on patrol duty have often caught inebriated visitors creating nuisance and indulging in illegal activities inside the jungles, the Department has introduced the 'Time ticket' system for vehicles moving on roads coming under the jurisdiction of the National Park and Tiger Reserve.

Accordingly, all the vehicles arriving at Nanachi check-post, from where three exit routes to Veeranahosahalli, Karmodu and Kallottu set off, will be issued 'Time Ticket' according to which the vehicles have to cross the exit point, which is 30 kms away, within one hour of entry time. The 'Time Ticket,' which is issued free of cost, has the name of the vehicle driver, the Registration Number of the vehicle and both the entry and the exit time, mentioned on it. The vehicle drivers after being issued the ticket, will have to cross the exit point (30 kms distance) within the exit time (one hour) mentioned on the ticket.

Even a delay of a couple of minutes, will attract heavy fines, with drivers having to shell out Rs.1,000 for the first hour of delay after the exit time, Rs. 2,000 for the second hour and so on. The 'Time Ticket' system aims to curb visitors from indulging in activities that disturb wildlife and also for safeguarding forest wealth.

Nagarahole Range Forest Officer (RFO) Amith told *Star of Mysore* that the 'Time Ticket' system was first introduced at Nagarahole check-post in 2017. The system was introduced after many animals died of being hit by speeding vehicles, especially during the night, thus endangering wildlife. Now, the system is being implemented in a stricter manner in the post-lockdown period, with 11 wild animals losing their life in Anechowkur forest range and eight in Hunsur forest range in the past couple of weeks.

Noting that vehicle density has increased in recent days, which has endangered wildlife, he said that the system is being implemented based on a Supreme Court ruling. While the 'Time Ticket' bears the vehicle details on one side, the other side of it mentions the DOs and DON'Ts for travellers while passing through the forest range, he added.

Amith further said that a proposal has been sent to the Government for introducing this system on Hunsur-Gonikoppal Road (NH-90) via Alur Gate and on Periyapatna-Gonikoppal Road (SH-21) via Boodithittu in the coming days.

Meanwhile, K.M. Chinnappa, Wildlife First President and also a former Forest Officer, welcomed the 'Time Ticket' system, saying that it will help protect wildlife from getting killed by speeding vehicles and rash drivers.

Day 3: T. Narasipur unit workers join protesting Silk Factory employees

Mysuru, Oct. 20 (PM&DM)- The indefinite stir launched by contract employees of Government-run silk Factory on Manandavadi Road in city, under the banner of Silk Weaving Factory Employees Union, gained steam on the third day today, as a number of employees of T. Narasipur Silk Weaving Unit, joined the stir in support.

Contract employees of the silk weaving factory are on stir since Saturday (excluding Sunday), seeking fulfilment of their demands, which chiefly included regularisation of employees who were appointed on compassionate grounds, hike in wages and payment of wage dues for the lockdown period, among others.

Claiming that the Factory authorities had not honoured a Court order asking the factory to appoint one member of the families of 48 employees who died while in service, on compassionate grounds, they urged for immediate appointment on regular basis. Alleging that contract workers are being underpaid, they demanded a wage hike in accordance with the general rule of 'equal pay for equal work' and also job security.

Meanwhile, the contract employees who had staged stir inside the factory premises on Saturday and Monday, were asked to shift outside, with the Factory authorities closing the gate for them this morning. As such, the protesters were forced to stage stir outside, with the ever-busy Manandavadi Road running along the factory compound. As the protesters covered almost half of the road, vehicular movement on the Highway was severely disrupted, when the Police intervened and asked the protesters to move onto the footpath, to which the protesters agreed after an argument, it is learnt.

Sri Urilinga Peddi Mutt Seer Sri Jnanaprakash Swamiji and former Dy. Mayor Shailendra took part in the stir as a show of solidarity with the striking contract workers. Trade Union leader Anil Kumar was also present.

Ambaari Double Decker bus

(Continued from page 1)

The 'Ambaari' bus journey was scheduled to commence from KSTDC premises (Hotel Mayura) on JLB road on every trip covering 14 important tourist destinations including Mysore Palace, Jaganmohan Palace, Open Air Theatre, Manasagangothri, Mysuru Zoo, Karanji Lake, Crawford Hall, CFTRI and St. Philomena's Church, among others. The date of launch, the timings and the ticket price for 'Ambaari' bus ride was to be finalised.

The duration of each trip was to be one-and-a-half-hours, with intermittent stops in between.

CCTVs were also installed inside the bus for the safety of the passengers.

The 40-seater bus with lower and upper-decks was built by Bengaluru-based KMS Coach Builders after KSTDC approved the tender last year.

One bus had arrived in Mysuru in March just a few days before the Nation-wide lockdown was announced and also made its first run on a trial basis.

Three more buses were to be introduced later depending on the response but the CESC seems to be a stumbling block for the royal bus ride this Dasara festive season.

Co-op. Bank woman employee, mother commit suicide over debts

Nanjangud, Oct. 20 (RS&KS) - Owning to personal problems and mounting debts, a woman Co-operative Bank employee, along with her daughter and mother, allegedly jumped into Kapila River in a bid to commit suicide yesterday morning. While the woman and her mother drowned, her nine-year-old daughter was saved by a man who was cutting grass on the river bank.

The deceased are Rashmi (35), an employee of a Co-operative Bank at Naguvanahalli in Srirangapatna taluk and her mother Akkaiah (65). They were residing at JSS Layout in Mysuru.

It is learnt that Rashmi was facing personal problems and had taken lakhs of rupees as loan. Unable to repay loans, Rashmi yesterday brought her mother and daughter near Mallanamoole Mutt in Nanjangud, where she tied the hands of her daughter and mother with a veil and tied it to her hand and jumped into the river.

Meanwhile, a man, identified as Mahadevappa of Basavanapura, who was cutting grass for his cattle on the river bank, heard the screams of Rashmi's daughter and immediately jumped into the river and dragged all three of them to the shore, but Rashmi had already breathed her last.

Though Akkaiah was rushed to K.R. Hospital in Mysuru, she breathed her last midway and Rashmi's daughter is undergoing treatment at K.R. Hospital.

Nanjangud Circle Inspector Lakshmikanth Talawar, Sub-Inspector Satish and staff visited the staff.

Based on the complaint from Rashmi's relative Jeevan, Nanjangud Rural Police have registered a case and are investigating.

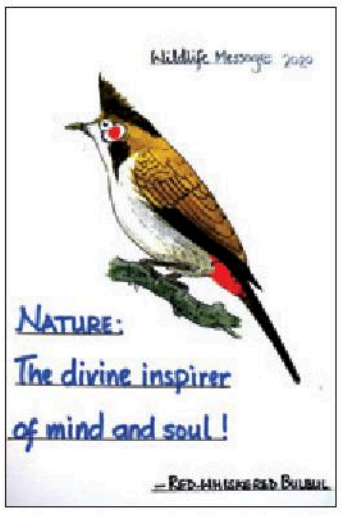
Avid Birder's Wildlife Message Cards 2020



Mysuru, Oct. 20- **Dr. S.V. Narasimhan,** a family physician based at Virajpet in Kodagu district, is an avid birder, nature lover, adept at computers, Karnatak music and astronomy.

Author of *Feathered Jewels of Coorg*, a field-guide to 310 species of birds found in Coorg, Dr. Narasimhan is the pioneer in spreading wildlife conservation messages through his unique hand-painted Wildlife Message Cards that are sent free to individuals throughout the world to mark the Wildlife Week.

Total number of hand-painted cards made by him this year is 1,930; in 36 years, 72,655 cards. Total recipients this year including *Star of Mysore* - 1,010; in 36 years - 13,004 persons.

The Special Wildlife Messenger of this year is **Red-whiskered Bulbul (Pycnonotus jocosus)** — This is the most common garden bird of India. It has a black chest that is turned forwards and has bright red patches on the cheeks and vent. Melodiously vocal, it feeds on fruits, nectar and small insects. Bulbuls are mostly monogamous. They build an open cup-shaped nest made of rootlets and leaves lined with soft fibre. They live for about 10-11 years.

New Running Room for Train Crew at Arsikere

Renovated Railway Institute inaugurated in Mysuru

Mysuru, Oct. 20- Ajay Kumar Singh, General Manager, South Western Railway (SWR), conducted inspection of Arsikere Station and conducted rear window inspection of Arsikere to Mysuru section in Mysuru Railway Division.

Singh declared new Running Room facility open. Along with Mysuru Divisional Railway Manager Aparna Garg, Principal Chief Engineer Vipul Kumar, Principal Mechanical Engineer P. Ravi Kumar, Principal Chief Electrical Engineer Sanjay Agrawal and other Senior Officials of SWR were present.

This Running Room for loco pilots and guards, built at a cost of Rs. 2.71 crore, is fully air-conditioned with 40 rooms for men and two rooms for women.

The Running Room is provided with facilities necessary for the loco pilots and guards to rest. State of art furniture are provided in rooms apart from facilities like Dining Hall, Yoga/ Meditation Room, Recreation Room, a well-equipped modern kitchen etc.

An organic garden called 'Vasudha' is also developed to supply organic vegetables for the kitchen of Running Room.

Later in the day, the General Manager inaugurated Railway Institute and renovated Tennis Court at Mysuru.

SWR GM Ajay Kumar Singh, who inaugurated the renovated Railway Institute at Mysuru, is seen playing Table Tennis in the premises. Picture below shows SWR Mysuru DRM Aparna Garg playing Tennis at the renovated Tennis Court adjacent to Railway Institute in Mysuru.

Railway Institute, basically established for the recreational purposes of its employees, has been given a new facelift by renovating the existing building. The renovated Institute consists of Gymnasium, Carrom Room, Yoga Hall, TV lounge, Table Tennis for recreational purpose. The aesthetics of the building is enhanced by provision of garden area, fencing the boundaries etc.

Adjacent to Railway Institute, the available Tennis Court was established way back in 1950s. This Court has witnessed games of the Indian Tennis legends namely Vijay Amrithraj and Ramesh Krishnan. Over the years, the Court became defunct and has been in disuse. This has been given a new facelift now.

The second entry of the Station building is now marked as West Gate with clear backlit indication boards in the entrance to help passengers, according to a press release from Priya Shetty, Divisional Commercial Manager and Senior PRO, SWR.

JSS S&TU and KSTA sign MoU

To inculcate scientific temper across society

Mysuru, Oct. 20- JSS Science and Technology University (JSS S&TU), Mysuru and Karnataka Science and Technology Academy (KSTA), Government of Karnataka, Bengaluru, have signed a Memorandum of Understanding (MoU) to foster scientific temperament across society and for facilitating technology dissemination through academia-industry interface thereby establishing a University-industry connect.

This MoU paves way for great synergy between the two entities, combining KSTA's field presence with JSS S&TU's expertise in Science, Engineering and Technology education and research through an effective partnership.

It will allow both organisations to contribute to improved co-ordination for overall societal development and facilitate concerted efforts towards bringing technology nearer to the society thereby inculcating scientific temperament through scientific communication.

JSS S&TU provides high quality educational opportunities and constantly serves in alignment with the needs of the nation. Its society-driven education programmes connects the students closely to societal challenges and stimulates them to go in search of providing technological solutions.

KSTA, an autonomous organisation of the Department of Science and Technology of the State, has been taking science to society through its various programmes.

With these two organisations joining hands, the student community will be extremely benefited by getting opportunities to actively take part in joint programmes fostering innovation and entrepreneurship for societal benefits. The two organisations will be jointly organising conferences, societal outreach programmes, and Academia-Farm-Industry interface programmes and collaborate towards building capacity in frontier areas of Science and Technology under the ambit of this MoU for the benefit of faculty and students, according to the Registrar.

WORD OF THE DAY

Mythomania

Pronunciation: mith-uh-MAY-nee-uh.
Meaning: An excessive or abnormal propensity for lying and exaggerating.
Origin: We wouldn't lie to you about the history of mythomania. It comes, via the French mythomanie, from two ancient roots: the Greek mŷthos (meaning "myth") and the Late Latin mania (meaning "insanity marked by uncontrolled emotion or excitement"). One myth about mythomania is that it's a very old word; actually, the earliest known uses of the term date only from the beginning of the 20th century. It was predated by a related word, mythomaniac, which appeared around the middle of the 19th century. Mythomaniac referred to someone who was obsessed with or passionate about myths before it was applied to individuals affected with or exhibiting mythomania.
Example: The idea of trust is an important theme in the book; the reader is never sure of the extent of the protagonist's mythomania.

THE ODD WORD

Maculose

Spotted

IDIOM OF THE DAY

Make a rod for your own back

Meaning: To do something that inadvertently creates troubles or misfortune in the future.
The expression is usually used when someone has done something which seemed like a good idea at the time but comes back to bite them in some unexpected way. An example might be, "The British government made a rod for their own back when they supported Robert Mugabe becoming leader in Zimbabwe, as he spent the next 40 years denouncing them."
Origin: The expression 'make a rod for your own back' is sometimes thought to be Victorian in origin. This may be influenced by the similarity with the proverb 'spare the rod and spoil the child.' Actually, that isn't Victorian in origin either, although people widely believe that it is as it is seen a epitomising their beliefs. In fact, 'make a rod for your own back' is much older. It is a variant of the phrase 'make a rod for yourself', which dates from at least the 15th century, as in this example from Thomas Malory's Morte Darthur, 1485: I fere me ye haue made a rodde for your self.
Make a rod for your own back. The rod being referred to in both 'spare the rod' and 'a rod for your own back' was the rod or cane used as a means of punishment. This was in common use in Victorian schools. The first use of the expression in the form we now use is found later, but still pre-dates Victoria by almost two centuries. A religious tract by the 17th century author William Hughes entitled The Man of Sin, 1677 contains this line: Oh how the good man smiles to see what a Rod we have made for our own Back!

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

RR gains seven-wicket win against CSK

Jos Buttler scored an unbeaten 70 off 48 balls and helped Rajasthan Royals (RR) secure a seven-wicket win against Chennai Super Kings (CSK).

Abu Dhabi, Oct. 20- Rajasthan Royals (RR) returned to winning ways after they beat Chennai Super Kings (CSK) by seven wickets in Match 37 of the Indian Premier League (IPL) 2020 in Abu Dhabi yesterday.

Needing 126 runs to win, RR made a brisk start as Ben Stokes went for his shots. But CSK fought back and picked three wickets in the powerplay.

First, Stokes got out after he dragged a Deepak Chahar delivery onto the stumps. Robin Uthappa was the next man to get out as Josh Hazlewood picked his first wicket of the match.

M.S. Dhoni, then, dived towards his left and took a one-handed stunner in the fifth over to dismiss Sanju Samson.

Steve Smith then survived an LBW call as the on-field decision was not overturned after the ultra-edge indicated that there was a faint edge. CSK though did not allow Smith any easy runs.

Jos Buttler, though, kept the things moving for RR crossed the fifty-run mark in the ninth over. Buttler, then went after Shardul Thakur in the 12th over, hitting the CSK bowler for a four and a six to complete the fifty-run stand with Smith.

In the 15th over, Buttler targeted Piyush Chawla to take RR past hundred and to bring up his 11th IPL fifty. The right-hander creamed three fours as RR scored 16 in the over.

Buttler creamed one more six in the 17th over before RR closed out the game in the 18th over to seal a seven-wicket win. While Buttler remained unbeaten on 70 off 48 balls and Smith scored 26, the pair put up an unbroken 98-run partnership.

Earlier, CSK lost two wickets in the powerplay after electing to bat. Jofra Archer made the ball talk and struck in the third over of the match after Jos Buttler, stationed at short cover, took a fine leaping catch to get Faf du Plessis out for 10.

While Shane Watson and Sam Curran hit three fours off Kartik Tyagi in the fourth over, the young speedster had the final laugh as he dismissed the former Australian all-rounder in the same over.

CSK moved past fifty at the end of the 8th over but lost two wickets in quick succession soon after RR introduced spin in the attack. While Shreyas Gopal had Curran caught at long-off, Ambati Rayudu, after surviving an LBW call, mistimed his sweep and gave an easy catch to wicket-keeper Sanju Samson.

M.S. Dhoni and Ravindra Jadeja then kept the scoreboard ticking as CSK moved to 89/4 at the end of the 15th over.

Two overs later, CSK moved past hundred before the Dhoni-Jadeja pair completed a fifty-run stand. But Dhoni was run-out soon after. CSK eventually posted 125/5 on the board, with Jadeja scoring an unbeaten 35.

BRIEF SCORES

RR: 126/3 in 17.3 Overs (Jos Buttler 70*, Steve Smith 26*; Deepak Chahar 2/18) beat **CSK:** 125/5 (Ravindra Jadeja 35*, M.S. Dhoni 28; Shreyas Gopal 1/14) by seven wickets.
